

Musculoskeletal physiotherapy

An introduction to physiotherapy

Information for patients, relatives and carers

What should I bring to my first appointment?

Your physiotherapist will need to examine the affected area so **please bring a pair of shorts and/or a vest top with you to wear, if appropriate**. Please also bring a list of your current medication.

If you are fasting please let us know and we will adapt your exercises accordingly.

What will happen at my first appointment?

Please arrive on time and check in at the kiosk in the physiotherapy department or at the reception desk. If you arrive late for your appointment we may not be able to see you as the clinic usually runs on time. Your appointment will last 30 to 60 minutes.

Imperial College Healthcare NHS Trust is an academic health science centre. We may offer you an appointment with a student who works under the supervision of a senior member of staff. If you do not wish to participate in this training please let us know. It will not affect your treatment or care in any way.

What if I cannot keep my appointment?

If you cannot attend an appointment please let us know at least 24 hours in advance if possible by calling 020 3311 0333 between 08.00 and 17.00, Monday to Friday. The appointment can then be offered to another patient on the waiting list. **If you reschedule more than one appointment you may be discharged back to the care of your GP.**

If you do not attend your appointment you may be discharged from our service in accordance with Trust policy. If you still require physiotherapy you will need to get a new referral from the referring consultant.

If you **cancel an appointment** it is your responsibility to rebook your appointment when you contact us to cancel or **you may be discharged**.
